LOT 1519

A Danish black basalt figure of a boy playing a flute, circa 1900, modelled leaning against a pillar, impressed to side of base 'L.P. Jorgensen, Eneret', height 51cm.

Estimate: £70 - £100

Condition Report

1519. A bit dusty and dirty so would certainly benefit from a clean. There is a small surface chip/flake to the edge of the oval base just to the left of the pillar.

Otherwise the figure appears in good condition with no other significant damage. Typical minor surface scratches and wear. Ever so slightly wobbly base.
