LOT 1604

A pair of brass mounted Doulton Lambeth candlesticks, late 19th century, with classical figural panels and scrolling decoration, impressed marks to bases, height 24.5cm.

Estimate: £50 - £70

Condition Report

1604. The candlesticks are in good condition, all of the stoneware sections with no chips, cracks or repairs. Good clear impressed marks. Brass sections in good order with typical scratches and wear. As can be seen in the online images, they do not stand perfectly straight, so would probably need a bit of adjustment with the central holding bolt/screw to get them just right.
