

Jewellery / Wednesday, 4th August 2021 / Lot 740

LOT 740

Two similar Victorian gold pendant earrings, each with an acorn drop and foliate surmount, with wire fittings, unmarked, weight 2.7g, length 2.5cm.

Estimate: £70 - £100

Condition Report

740. There is variation to the design of the foliate tops to the acorns. One hollow acorn is dented. The acorn that is dented is also split along the line where it is soldered together. The other hollow acorn is in good condition. The earrings are not marked and have probably been over gilded and we do not wish to damage the earrings in order to test them.
