LOT 710

A diamond ring of shaped rectangular panel form, claw set with the two principal cushion cut diamonds within raised settings, otherwise set with cushion cut diamonds, ring size approx M, with a case.

Estimate: £750 - £950

Condition Report

710. Diamonds appear to be well matched for colour. Under magnification the principal diamonds have one or two internal inclusions. Largest diamond approx 5mm diameter. The small shoulder and side diamonds have a few more inclusions noticeable under magnification. One or two claws are beginning to show signs of wear. Overall the ring is in generally good condition.

Unable to provide professional grading for the diamonds.
