Condition Report

526. Emerald/opal ring - the emeralds are heavily included stones of pale colour, with a few small chips to facet edges and girdles. The opals have some surface wear. Some of the claws are worn and require retipping.

The two 9ct white gold, pink and colourless gem rings are both generally in good condition with some minor wear to the shank.

Cubic zirconia/red gem ring - would benefit from a clean, the central red gem fairly included, with a tiny nick to the girdle. The mount with general wear.

Opal and blue gem ring - opal heavily worn to the surface. General chipping to the blue gems. Shank distorted and worn.
