

Silver and Plate / Wednesday, 4th August 2021 / Lot 363

LOT 363

A late Victorian silver mounted cut clear glass novelty medicine decanter and stopper, the shouldered glass body with chamfered corners, one side cut with twelve horizontal lines, the reverse with label inscribed 'One dose to be taken before bedtime. Patients name... ', fitted with a silver collar and conical stopper, Birmingham 1894 by Hukin & Heath (John Thomas Heath & John Hartshrove Middleton), height 21.8cm (crack to interior of neck).

Estimate: £80 - £120

Condition Report

363. As per the description there is a chip and a crack to the glass around the neck. This is hidden by the silver collar. Otherwise the decanter and stopper are in good condition with only typical surface wear and scratches. Please see the images available online. Silver has had an abrasive clean so is a bit scratched but otherwise ok.
