LOT 564

A gold, sapphire and diamond five stone ring, mounted with three cushion cut sapphires alternating with two cushion cut diamonds, detailed '18c', weight 3.9g, ring size approx T, with a case.

Estimate: £250 - £350

Condition Report

564. The sapphires have some heavy wear to the facet edges, with a few chips to the girdles.

The diamonds appear to be fairly clear stones but have a slight grey tint.

The sides of the mount have some even but heavy wear to the decoration, the ring having rubbed against other rings when worn in the past.

The shank has thinned slightly.
