### LOT 572

A gold and diamond cluster ring, mounted with the principal cushion cut diamond within a surround of ten cushion cut diamonds between diamond set two stone shoulders, detailed '15ct', weight 2.8g, ring size approx O.

Estimate: £200 - £300

---

### Condition Report

572. Three or four of the diamonds are fairly included stones, noticeable without magnification. One diamond has a surface fracture to one side running across the table facet, another with a large chip to the table facet edge.

One shoulder diamond also has a chip to the table facet edge.

Some minor wear to the shank.
