LOT 2102

A 19th century green painted hoop and splat back Windsor elbow chair, the solid seat on turned legs, height 102cm, width 61cm.

Estimate: £200 - £300

Condition Report

2102. Structurally sound with no obvious cracks or breaks to chair. There is evidence of some minor woodworm to front of seat panel, but nothing too serious. The painted surface is flaking and scuffed, and while it looks like it could be an old painted surface, it could be a deliberately aged later painting.
