LOT 1151

A Chinese wire inlaid carved hardwood figure group, early 20th century, modelled as Shoulao seated on a deer with naturalistic rocky base, height 58cm (minor faults).

Estimate: £100 - £150

Condition Report

1151. Figure in generally good condition with no significant damage or repairs. It has some very minor chips/nicks all over the figure and the end of his staff has been broken off. Some minor natural shrinkage cracks to base. Some very minor wire loss and some pieces of wire have lifted slightly. There is a shallow hole to rear of horse, but this is in the design of how it was carved.
