### LOT 2577

C. Cirom - a Continental carved Carrara marble head and shoulders portrait bust of a semi-clad bacchante maiden, modelled with grapes and vine leaves in her hair, bearing incised signature to reverse, raised on a socle base, height 56cm.

Estimate: £400 - £600

### Condition Report

2577. The bust has a small area of plaster, used as filler, between the plinth and the bust itself. The plinth may well be later associated, as it is in a different looking marble. Otherwise the condition is good, with some light surface dirt and no repairs.
