LOT 2531

A mid-19th century gilt bronze oil lamp base, the amber glass reservoir with foliate etched decoration, the stem cast with acanthus leaves above a flower cusp and square base, height 62.5cm.

Estimate: £100 - £150

Condition Report

2531. Both clips on the collar are a bit misshapen. The glass appears to be in good condition, albeit a bit dirty to its interior. The base has an uneven brushed surface that appears as though it has a lacquer brushed over it. There are no drill holes in the base from previous conversions.
