LOT 730

A Victorian gold and banded agate oval hinged bangle, the front mounted with a row of five hemispherical banded agates alternating with cruciform divisions, on a snap clasp, fitted with a safety chain, unmarked weight 15.4g, inside width 5.5cm.

Estimate: £300 - £400

Condition Report

730. The banded agates are all in good condition. The hinge is good and the clasp closes tightly. The front panel has typical light wear, but is in generally good order. Unfortunately the back section is heavily worn from the almost entire loss of the gilt flashing to numerous dents, overall wear and small split to edge. See the images on our website.
