LOT 2013

A 19th century French giltwood showframe fauteuil armchair with carved scroll decoration, on cabriole legs, height 108cm, width 74cm.

Estimate: £120 - £180

Condition Report

2013 - Structurally sound, no obvious signs of woodworm but cannot see all of the seat rail. There doesn't seem to be any moth damage, however the upholstery will need sorting out. Obvious and typical surface loss to gilt.
