LOT 2056

A George III and later mahogany circular two-tier dumb waiter, on tripod cabriole legs, height 81cm, diameter 58cm (alterations).

Estimate: £70 - £100

Condition Report

2056. Although the base has some repairs to the feet and some slight cracks, it appears to be period. However, the stem has been later matched. The two tops also appear to be period, but are probably not original and seem to be later dish'd out.
