### LOT 3265

Estimate: £300 - £500

### Condition Report

Some light soiling to fronts (worst 8 Clubs), occasional light creasing (worst 7 Diamonds and 4 Hearts). Corner rounding to most cards (by far the worst is 4 Spades and King Hearts)

Seven backs have abrasion damage and some staining.

Despite all this I would say that they are still in good to very good condition overall with the wear commensurate with age.

Please see scans which also give a very good indication as to condition.
