

Jewellery / Wed, 3rd November 2021 / Lot 580

LOT 580

A gold, sapphire and diamond cluster ring, circa 1910, claw set with the cushion cut sapphire within a surround of cushion cut diamonds, detailed '18ct', weight 2.7g, ring size approx I.

Estimate: £250 - £300

Condition Report

580. The sapphire is offered as synthetic. There is some surface wear to the table facet edge of the sapphire. The surrounding diamonds are attractive white stones. The ring is in otherwise good condition.
