LOT 505

A gold, jade and diamond pendant necklace, the jade pendant carved and pierced as a gourd, with a diamond two stone suspension, length 4.7cm, fitted to a gold oval link neckchain, spaced with two pairs of jade beads at intervals, unmarked, weight 12.9g, length 81cm (chip to pendant).

Estimate: £400 - £500

Condition Report

505. As per our description, there is a small section lacking from the top third of the pendant. Some minor surface scuffing, particularly to one side of the gourd body. Small repair to suspension loop, with some thinning of the metal.

The diamonds are cushion cut and have a few internal inclusions, and vary in size slightly. Two of the jade beads have slight surface cracking. Some wear to the boltring. Otherwise an attractive piece.

Weight of chain only (including the four jade beads) 13.4g. The chain is unmarked and has a fairly strong yellow colour, it could be high grade, but we have not tested it.

Dimensions of pendant, excluding suspension loop approx length 41mm x width 22mm x depth 6mm.
