

Jewellery / Wed, 3rd November 2021 / Lot 684

LOT 684

A 9ct gold circular link neckchain on a boltring clasp, weight 27g, length 81cm.

Estimate: £300 - £400

Condition Report

684 - British import mark - looks to be Edinburgh 1997, maker's mark DJE.

Clasp in good working order. Some light surface wear between the links. Under a 10 x loupe you can see the odd split to the joins of some links but this is likely to be in the manufacture. Generally the odd scratch or dent but not really noticeable without magnification.
