### Condition Report

584. Some general light surface scratching to the opal.

A broad and attractive play-of-colour.

The ring is dirty and would benefit from a clean. The marquise diamonds have a subdued brilliance due to this.

The other diamonds appear bright and white. The diamonds generally have one or two internal inclusions.

Slight wear to the hallmark. Typical light surface wear to the shank.

Opal size approx 11mm x 7mm x 3mm.
