

Asian and Islamic Ceramics and Works of Art / Thu, 11th November 2021 / Lot 1094

### LOT 1094

A Chinese silver filigree rectangular card case, mid to late 19th century, in the form of a book with sprung hinged lid, the front applied with dragons and vapours within foliate borders, length 9.3cm, together with a similar filigree card case of shaped outline, each side applied with dragon and foliage, length 9.9cm (minor faults), and a South-east Asian plated dish, pierced and cast with flowers, length 17.2cm.

Estimate: £80 - £120

---

### Condition Report

1094. Silver book card case - generally good condition with some slight misshaping. Sprung hinge lid works well. Main areas of damage are some separation between filigree border at the top of the case and the central panel, and a dent to that upper right corner next to the hinge. Other typical wear.

Shaped card case - some typical misshaping and small dents and small section damaged with some loss to cover. other typical wear.

Dish - in good condition with typical surface scratches and wear.

Total weight 221.7g.
