LOT 1045

A pair of Japanese brown patinated bronze figures of elephants, Meiji/Taisho period, each modelled seated with trunk raised and ivory tusks, cast signature seal mark to base of one, heights 16cm and 16.5cm.

Estimate: £200 - £300

Condition Report

1045. Both elephants in good condition with no significant damage or repairs. Both with typical light surface scratches and minor wear, but again nothing of any real significance. Good even patina, would benefit from a light clean. One of the tusks has been glued back in place with a small amount of glue residue visible. One with seal mark, the other without.
