LOT 2088

A mid-20th century Arts and Crafts style oak refectory table, raised on shaped supports, height 72cm, length 214cm, depth 67cm.

Estimate: £150 - £200

Condition Report

2088. There is a split to one of the central planks on the top and also some gapping to the top timbers. The trestle base is slightly wobbly as there is a replaced splice peg in one end joint, but this could be sorted fairly easily. Otherwise some overall minor scuffs, marks and scratches.
