LOT 2024

A late 17th century oak six-plank coffer with later carved decoration, height 52cm, width 112cm, depth 37cm (alterations and faults).

Estimate: £50 - £80

Condition Report

2024. Overall the coffer has a few problems. There is a break to the rear of the left side plank and also both side supports appear to have been replaced. Replaced hinges to lid and probably later carving to front. Some areas of historic woodworm.
