

British and Continental Ceramics / Thu, 25th November 2021 / Lot 1629

## LOT 1629

A rare Royal Doulton figure of Picardy Peasant, HN17A, designed by P. Stabler, height 23.5cm (restoration to head).

Estimate: £800 - £1,200

---

## Condition Report

1629 - Some restoration to the neck and head. There is a screw noticeable internally which appears to helping to secure the head in place, with some obvious restoration overpainting to the neck, back and top of the head and across the face. The repair line is noticeable running across the top of the head and across the forehead of the face and around the back of the neck. Small hairline next to the hands. Overall fine crazing.
