LOT 2017

A William and Mary oak chest of three drawers with applied geometric mouldings, on bracket feet, height 84cm, width 90cm, depth 53cm (alterations).

Estimate: £100 - £150

Condition Report

2017. As can be seen from the photo, the chest has an overall dark stain added and has overall surface scuffs and marks. There are two pieces of moulding missing to the drawer fronts and the metalwork is also later. There is a repair to the front left corner of the top and also some repairs and replacements to the feet, including later securing screws. There is some old woodworm to the backboards and a later inscribed date to one side. Some overall repairs, including some replaced drawer runners and also later fitted locks.
