## Condition Report

1015. The watch does not wind and does not run, but hands do adjust smoothly. The dial is a little worn and discoloured with some minor scratches. The case is generally good order, but a little tired with typical light surface scratches and wear. There are a couple of small dents to one corner of the side of the case and when this area is viewed from the case interior there appears to be a small repair.

Case width 2.4cm, case length including lugs 4.2cm, case length excluding lugs 3.6cm.
