

Clocks and Barometers / Wed, 15th December 2021 / Lot 1281

LOT 1281

A late Victorian oak cased wheel barometer with mercury thermometer and ceramic dials, the case with carved decoration, height 84cm, together with two slate mantel clocks, heights 21.5cm and 30.5cm, with pendulums.

Estimate: £50 - £70

Condition Report

1281. The barometer appears to be in working order and the mercury thermometer is also working. The oak case has a split to the turned surround at about 11 o'clock, otherwise just a little dusty and dirty. The ceramic circular dial is typically lightly crazed and there is a crack/break to the ceramic thermometer dial behind the lower brass securing mount.
