Condition Report

1070. Watch appears to be in generally good second hand condition with no significant damage or repairs, but typical surface scratches and wear to case. Scratches to crystal/glass, including a few more prominent ones. Strap is typically worn. Dial in generally good clean condition. Movement is currently working, but please be aware we give no guarantees to working order or reliability of any clock or watch. Chrono features also working, but reset coming back to 1 second rather than to zero. Crown appears a little loose and hand adjustment is a bit sporadic and sometimes does not appear to work at all.
