LOT 608

A gold, enamelled and half-pearl set heart shaped pendant locket, the front mounted with a single half-pearl on a turquoise guilloché enamelled ground, the back glazed with a locket compartment, length 2.5cm (glass cracked).

Estimate: £60 - £80

Condition Report

608. The glazing to the back of the locket is cracked. There are no marks to the piece. A tiny chip to the bottom point of the enamel, which is hardly noticeable. The half-pearl is of attractive fresh colour. Suggested age circa 1910. There are no apparent marks, from the colour of the gold we would suggest 9ct gold possibly.
