

Jewellery / Wed, 19th January 2022 / Lot 647

### LOT 647

An 18ct gold, emerald and diamond ring in a triple cluster design, mounted with three circular cut emeralds within circular cut diamond set surrounds, London 1999, weight 3.4g, ring size approx N, with case.

Estimate: £300 - £500

---

### Condition Report

647. The emeralds are of medium colour saturation. The emeralds are of a rather cloudy appearance as a result of numerous small inclusions. Some wear to the table facet edges and two scratches across the top of the table facet of the principal emerald. The diamonds slightly draw colour. Scratched reference number inside the shank near the full hallmark and is further detailed ♦18K♦.
