Condition Report

513. Five stone ring - in generally good condition. Needs a clean, diamonds looking a little subdued currently as a result. Some variation of colour to the sapphires. Hallmark clear. Typical light surface marks to shank. Diamond ring - under 10x magnification the diamonds look to be fairly clear, no obvious black inclusions. Diamond slightly draws colour to grey. Would benefit from a clean. Small dent to the shoulder on one side, a few typical light surface marks to the shank otherwise.
