

Glassware / Thursday, 10th March 2022 / Lot 1817

LOT 1817

An engraved wine glass, circa 1785, the rounded funnel bowl engraved with chinoiserie buildings and a figure in a landscape, above the centrally knopped diamond faceted stem and conical foot, height 14.7cm.

Estimate: £80 - £120

Condition Report

Due to a lack of wear I would suggest the foot has been reduced. There is a small chip to the edge of one diamond facet on the central knop of the stem. The top rim edge has a pinhead sized nick and a small area of little 'digs' - both only really noticeable on closer inspection.
