Condition Report

Ruby ring:

Chip to the table of the central diamond near one claw. This diamond is yellow tinted. Other diamonds are whiter stones.

One ruby has a chip to the girdle directly below a claw.

One other ruby has a couple of nicks to the girdle.

Rubies generally of pale colour saturation.

One or two claws will require re-tipping.

Diamond ring:

Diamonds have a few inclusions noticeable under x10 magnification.

Some thinning to the back of the shank.

Typical light surface scratching to both rings. Both would benefit from a professional clean.
