LOT 2595

An Edwardian oak and plate mounted three-bottle tantalus, fitted with three glass decanters and stoppers, each with a silver label, 'Whisky', 'Brandy' and 'Gin', width 39cm.

Estimate: £80 - £120

Condition Report

2595. The stopper on the 'Gin' decanter sits higher than the other two, so the rotating handle scrapes the top. All three glass decanters have noticeable chips, especially to the collars. The spring on the locking mechanism is loose and does not function properly. Silver plate is worn in places. No key.
