LOT 530

A gold, amethyst, peridot and seed pearl pendant, the central octagonal step cut amethyst within a scrolled and beaded surround, set with four oval cut peridots, fitted with an associated oval cut amethyst pendant drop and an associated seed pearl set suspension loop, unmarked, weight 10.7g, length 6cm.

Estimate: £700 - £900

Condition Report

The central section is lacking a scallop motif at the top end, which has been substituted by a loop to hold the associated seed pearl set suspension.

The collet set amethyst to the drop is in association.

Old repair work is visible from the back at one quarter, at this point the use of lead solder is apparent. There is further evidence of restoration work done at the back of the pendant.
