### Condition Report

Unfortunately we are unable to provide a professional grading for the diamonds.

The diamonds face-up look to be fairly white bright stones. The diamonds side on slightly draw colour to yellow.

Under 10x magnification one diamond has a surface reaching inclusion under the table facet, with one or two other small inclusions.

The other diamond has a few small inclusions, largely situated to the sides of the table.

Condition is generally good overall. Suggested age - second hand modern
