LOT 557

A white gold, emerald and diamond cluster ring, claw set with a rectangular cut emerald between baguette cut diamonds, otherwise set with circular cut diamonds, detailed '750', weight 5.7g, ring size approx N, with a case.

Estimate: £280 - £320

Condition Report

The emerald is of medium colour saturation. It has a number of inclusions visible without magnification, one of which just reaches the surface of the stone running horizontally along one side. The table facet has some light surface scratching.

The diamonds generally appear to be bright white stones, with one or two inclusions noticeable under magnification.

The ring has been resized in the past, with noticeable joins at the back of the shank.

Would benefit from a clean.

Size of emerald approx. 7mm x 4mm.
