LOT 510

An 18ct gold and diamond single stone ring, claw set with a cushion cut diamond, London 1929, diamond weight approx 0.80ct, colour grade I-J, clarity grade SI, weight 5.2g, ring size approx U1/2.

Estimate: £600 - £900

Condition Report

The diamond has a chip to the top side extending from the girdle towards the table of the stone. There is another chip near to the central claw on the other side of the mount. The diamond has one or two small pique inclusions but is generally fairly clear. Claws will soon need to be re-tipped. Hallmark clear.
