LOT 633

A single row necklace of two hundred and twenty-seven slightly graduated natural saltwater pearls and three cultured pearls on a diamond seven stone cluster clasp in a flowerhead shaped design, length 82cm, with a Gem & Pearl Laboratory report stating pearl width ranging from 3.3mm to 4.4mm and gross weight 15.78g.

Estimate: £500 - £700

Condition Report

The pearls look to have been recently re-strung. There are a few natural surface imperfections as would be expected. The pearls have an attractive silvery lustre and look to be in good condition. Clasp in working order.
