A Victorian gold and carbuncle garnet circular brooch, mounted with the carbuncle garnet within a Greek key pattern surround with an applied wirework border, the back glazed with a locket compartment, unmarked, weight 12g, diameter 3.6cm, together with a Victorian gold shaped oval brooch with floral engraved decoration, unmarked, weight 5.6g, width 3.9cm.

Estimate: £140 - £180

Condition Report

Garnet brooch – unsightly hinge to pin bracket replacement, there are dents to the back. Part of the inner border of the front is coming away. Overall poor condition. Please note that since web images were taken – the previously lead soldered hook to the back has now come away, it is present but detached.

Shaped oval brooch – front in good condition. Pin to hinge is bent. There is a small dent at the back by the hook and it is pierced with a hole at this point.
