LOT 2013

A mid-19th century Irish painted pine dresser, County Mayo, West Ireland, the pierced frieze above three shelves, the base with two drawers and paneled cupboard doors, height 195cm, width 158cm, depth 46cm.

Estimate: £800 - £1,200

Condition Report

2013. An overall worn and uneven surface with areas of cracked varnish, paint and bare worn wood, as well as overall historic woodworm, particularly to top surface of base and areas around lower section. It has obviously had re-painted surfaces over the years, but appears to have a reasonably genuine finish.
