## LOT 687

A Victorian gold oval pendant locket, the front applied with a blue, red and white enameled monogram, unmarked, weight 13.1g, length 4.5cm.

Estimate: £140 - £180

---

## Condition Report

Small shallow dent to the centre of the back.

Currently an excess of dirt built up around the monogram, would benefit from a clean.

A fair amount of scratching/nibbling to the enamel, particular noticeable on the white and blue.

General scratching/rubbing to the front surrounding the monogram.

Some thinning to the suspension loop, which is beginning to split at the top.

Interior is lacking any fittings.
