Estimate: £200 - £400

---

### Condition Report

1215. The microscope appears to be in generally fairly good working order.

There is typical surface scratches and wear to brass and enamelled areas but no significant damage or dents.

Rack and pinion focusing is working.

The rotating stage has some degrading/crackling to the black glass.

The prism drawer is present and in good order.

As you can see in the online images, other accessories are present including eyepieces, objectives and bulls-eye condenser.
