

British and Continental Ceramics / Wednesday, 1st June 2022 / Lot 1440

LOT 1440

A Clarice Cliff Coral Firs pattern single-handled vase, shape No. 634, the bulbous body with bar shaped handle, black printed factory mark to base, height 18.5cm (haircrack).

Estimate: £100 - £150

Condition Report

4cm long vertical haircrack to the top rim edge just to the left of the handle, more visible to the interior than the exterior. Otherwise the jug is in good overall condition. There is some minor scratching to the handle but the enamels are good with no real flaking apart from to the lower horizontal black line. There is a teeny tiny nick to the exterior of the footrim, only really noticeable on very close inspection.
