

British and Continental Ceramics / Wednesday, 1st June 2022 / Lot 1505

LOT 1505

A Delphin Massier Vallauris majolica pottery planter, late 19th century, modelled as a wheelbarrow surmounted by six birds, black painted mark to base, length 25cm (minor faults).

Estimate: £150 - £250

Condition Report

Each of the birds has a chipped beak and some minor glaze flakes/nicks to its plumage. Otherwise the wheelbarrow is in good condition overall with no cracks, chips or restoration - there are some very minor spots of glaze loss.

All of these issues are only really noticeable on close inspection.
