LOT 1733

A Stourbridge glass millefiori paperweight, late 19th/early 20th century, of pink, blue and white colouring with concentric rings of millefiori canes around a central star, diameter 8.5cm.

Estimate: £50 - £70

Condition Report

The height of the dome is quite shallow and close to the top of the canes, suggesting it has been polished. When viewed closely under a light a very small and indistinct internal bruise is visible to the side.

There are a number of typical scuffs/scratches to the surface, commensurate with age, one slightly more noticeable.

The footrim in good condition.
