### LOT 1436

A Mintons turquoise ground bottle vase, late 19th century, enamelled with stems of red berries and white flowers, with gilt geometric rims, printed and impressed marks to base, height 22cm.

Estimate: £80 - £120

### Condition Report

In good condition overall with no cracks, chips or restoration.

The turquoise ground is heavily (and typically) crazed and is potentially lifting in one area just above the foot.

The black detailing to the gilt decoration is a little worn in places.
