

Glassware / Wednesday, 1st June 2022 / Lot 1766

### LOT 1766

A pair of clear cut glass lustres, 19th century, the baluster stems raised on square bases, the gilt metal mounts supporting scalloped flower shaped drip trays hung with seven pendant drops, the screw in glass nozzles with raised rims, both fitted with a brass nozzle, height 27cm.

Estimate: £250 - £350

---

### Condition Report

Both lustres are in good condition overall with no cracks, chips or restoration. The brass nozzles are unlikely to be original.

One of the square bases has a minor blemish/ flaw to the side edge.

Both of the square bases have rounded corners which I would suggest are later polishing.

I would suggest these are later in date than the Regency period.
