LOT 2174

A mid-20th century white 'tulip' table and set of six matching Model 115 chairs, designed by Maurice Burke for Arkana, table height 74cm, diameter 151cm, chair height 79cm, width 51cm.

Estimate: £300 - £500

Condition Report

2174. Generally the table and chairs are in good condition with only some light surface wear to top of table and a few small edges of paint loss to very base of table. On one chair that the seat shell has popped up away from the base by about an inch, presumably where an internal spring has gone. Otherwise some light surface wear to bases of chairs and some very light surface hairlines to edge of seat shells.
